Panditi garu,

It has come to my notice that you have forwarded a flyer appear to be coming from Ajay Reddy to various members of the TANTEX community. First of all, I have not circulated any flyer and nor did I made any statements against the existing officers of TANTEX. This is a propaganda completely orchestrated by someone trying to malign my reputation and public service. Could you please explain who gave you the flyer? Where did they give it to you? Could you explain your intent behind circulating a flyer with my name on it and that too without my permission?

I am sorry to say that, I am deeply disturbed by this email. My only intention to become BOT is to bring people together with the help of people like you. Emails like this further divides the people and reaches a point, we will never come together again.

I personally request you to send an email to the members to whom ever you sent, that what ever is stated in your earlier email are not Ajay Reddy's statements and they are purely your personal views.

Thanks for taking care of it.

Regards,

Ajay A. Reddy

Subject: TANTEX ELECTIONS 2012 - Read before you Vote

I received this yesterday at TANTEX Deepavali function. This is exactly what I have seen in the past 7 or 8 months

in our organization. After reading this I felt like endorsing almost all statements. Therefore, I decided to scan this and circulate to all Members and Non-Members, please forward this to your friends. Thanks.

RK Panditi

ELECT AJAY REDDY - BOT (2013-2015)

Elect Ajay Reddy, he is a philanthropist, interested in serving the community and makes every effort to bring people together for a common cause of our community. This man will be an asset to our organization and will make a difference to upkeep the vibrant organization.

Do not give your vote to any candidate who has served as an officer in 2012. As an Officer they could not take the leadership responsibility and caused more than \$8,000 dollars of organizations money expensed irresponsibly for two general body meetings and wasted over 2,500 man hours of dedicated life members.

Do not vote anyone who is trying to contest more than one position, they are not interested in serving the organization by focusing on one

responsibility but is interested only in getting a position by hook or

crook. These individuals are not looking at the growth of our

organization. Vote against them - Do not support.

Bring in only those candidates that are contesting for the first time.

Exercise your vote intelligently and help the organization to make it better.

Once again, avoid voting to contestants who served as Officers in 2012.

They are the root cause of all chaos and unnecessary expense and waste of Members time. Make it an example to future officers by eliminating them.

Select new candidates and support those who did not serve as

Executive Committee Members in 2012.

As life members let's stand tall and bring in the change and make a

difference. Life members are the source of our culture and heritage.
